COMMENTS FROM THE TOWN MANAGER'S OFFICE

There will be a general election next month and anyone must be a registered voter of this municipality before he can vote. A person must have established a residence in the state for six months and in the municipality for three months. Anyone who is not registered may do so anytime at the town office.

The town road improvement job for this year is finished with just about a mile of road constructed. The cost of construction this year was a little higher due mainly to three factors. The road built this year required more bulldozer work to get the desired width and grade. Drainage costs were up this year because 6 culverts were required this year while only 3 were needed last year. The gravel used this year was hauled farther but the quality offsets the extra distance of the haul.

The highway department has been mowing along the edge of some of the town roads. By keeping the growth along the road cut back it should decrease the amount of spray used for bushes. The spray used is quite expensive and the dead bushes are not very pretty to look at. The mowing should decrease future spraying costs. Some roads will still have to be sprayed where the bushes are too big to cut with a mowing machine. It is hoped that more mowing and less spraying can be done each year.

Notices have been prepared and will be mailed Thursday to people who have tax liens that will expire in December.

Michael Houlihan

Arthur F. Lincoln, Jr., a sophomore at Bowdoin College, was among the 30 members of the Reserve Officer Training Corps who received Academic Achievement Wreaths Monday for being in the top 10 per cent of their class in Military Science studies.

A State crew has installed directional signs on the bridge and road construction and relocation at the westerly edge of the village. Although the numbered routes are marked in a way which may simplify the doubts and problems of travelers, local criticism has been aimed at the choice of towns listed on the new signs.

SMOKESTACK SHOWS BRIEFLY—Seen last week for the first time in 40 years was the steel smokestack at Gould Academy's William Bingham Gymnasium. The stack was enclosed in brick soon after construction of the gymnasium in 1921. This picture shows the crane bearing two men near the old chimney top as the destruction started. In the course of alterations at the old building and construction of the new Bingham Hall, a new chimney has been built on the Elm Street end of the old structure.

A decree of the Superior Court to clear the way for the Oxford County Fairgrounds to become the site of the Oxford Hills school building became operative on August 17. A citizen vote will be necessary to issue bonds to purchase the property and erect the school.

On Oct. 9th Crescent Park School will start its annual magazine campaign under the direction of the Curtis Publishing Company.

Because of the wonderful cooperation of the citizens of this area last year's campaign was the most successful in the history of the school.

The money raised from the campaign is used for school library, playground equipment and audio-visual materials.

Once again we urge your support in making this year's campaign a successful one.

The home of Mr. and Mrs. Rosaire Bisson and family, South Rumford, was gutted by fire Tuesday morning. Mr. Bisson estimated the loss at \$24,000. The contents in the house were destroyed. A late-model motor vehicle was lost.

Fall foliage is expected to be at its peak for the next two weeks. The Forestry Department reports that 75 to 100 per cent of hardwood foliage has turned to autumn colors throughout the state.

The summer home and contents in West Paris of Mr. and Mrs. Robert Greazes of Arlington, Mass., was destroyed by fire last Wednesday evening. Mr. and Mrs. Greazes were in Massachusetts. No estimate of damage was given.

TEST YOUR DRIVING I. Q.

Select the best answer.

Question:
A driver should check his speedometer regularly when driving on a freeway to:

(a) Guard against becoming so accustomed to his speed that he does not realize how fast he is moving.

(b) Fight highway monotony.

(c) Keep track of gasoline mileage and avoid running out of gas between service station areas.

(d) Insure proper functioning of the instrument at high speeds.

Answer (a)

Driving comfortably at high speed over a long period of time makes a person lose the feeling of moving fast. The freeway driver becomes so accustomed to his rate of travel that he is completely unaware of how fast the car is actually moving. Sixty miles per hour may seem no faster than thirty would on other roads. He should make it a habit to glance at the speedometer at regular intervals.

The State Police caution us that youngsters who are playing hard are often too absorbed in their exciting activities to remember what they have been taught about safety in traffic. When we are behind the wheel, let's remember this and drive with extra care. Whenever youngsters are near, stay unusually alert and be prepared to make an emergency stop safely.

"Organized labor has been losing the sympathy and tolerance of the people generally, because of the few labor leaders who have acted as dictators in the unions they handle and their ignoring the rights of others."—Chester P. Bailey, Mansfield (Pa.) Advertiser.

NEW BOOKS AT THE BETHEL LIBRARY

"O Ye Jigs and Julips," by Virginia Hudson. A very tiny book of comments made by a ten-year-old girl, and found in an attic.

"Shaking the Nickel Bush," by Ralph Moody. More poignant experiences of Ralph Moody's life.

"The West Wind," by Faith Baldwin. In this new book, the author tells the frank and poignant story of Davy and his wife, Meg.

"Her Majesty the Queen," the story of Elizabeth II, by Helen Cathcart. This shows Elizabeth exactly as she has been from birth through the first ten years of her reign.

"Fletcher's End," by D. E. Stevenson. Another lovely book by the author of Bel Lamington.

"The Ticking Clock," by Frances Lockridge. A pretty girl inherits an old house, some uninvited guests—and danger.

MAIL CARRYING BALLOON TO RISE FROM BERLIN

SATURDAY AFTERNOON

A large balloon, carrying two men and 15,000 pieces of mail, will rise to the sky free flight from Berlin Municipal Airport Saturday afternoon, Oct. 6.

It will be a hands across the sea event. One of the men in the balloon will be H. J. Scheer, a German balloon pilot who has made many postal flights to raise funds for the orphans' home which he and his wife operate.

He had planned to make the flight in connection with an international air mail exposition in West Germany this month but regulations prohibit taking off in a balloon from West Berlin. He thought Berlin, N. H., would be a good second choice.

Working through Francis L. Shields of Swarthmore, Pa., Scheer made arrangements for the flight here through the Berlin Chamber of Commerce.

Specially prepared postcards linking the two cities will be postmarked and then flown from Berlin, Germany. Postmaster Rene Heroux will cooperate by processing them through the local post office.

The cards will be carried in the balloon and remained from the point of landing, probably somewhere in Maine.

Scheer said that funds raised through the sale of the cards go toward the work of the orphanage. This will be the 10th flight he has made in its behalf.

REPUBLICANS PLANNING "ALL CANDIDATES NIGHT"

The Oxford County Republican Committee met on Sept. 27, in the county court house at 8:00 p. m. in South Paris. Thirty members and guests were in attendance.

Charles Trumbull, committee chairman, called the meeting to discuss the "All Candidates Night" banquet to be held on Oct. 19 at 6:30 p. m. at the Second Congregational Church in Norway. Paul Nevers, of Norway, is the committeeman in charge of the affair. Mr. Nevers stated that Governor Reed and Congressman McIntire in addition to all Oxford County candidates will attend the banquet. Four hundred people are expected.

Ted Curtis, campaign coordinator, spoke at the meeting on the way the campaign was progressing. Mr. Curtis was very optimistic on election results.

Daloukhbia J. Patel of the International Foreign Youth Exchange delegation from India addressed the committee. Mr. Patel is a politician and member of the Nehru party in India.

Parents' Day is Saturday, October 13. The complete program for the day will be in next week's paper. Among other things there will be a football game in the afternoon. The morning will be taken up with girls' class competition in archery and field hockey and tennis with girls from Fryeburg Academy.

Gould Drops Home Opener

A hard-driving veteran Winthrop High eleven defeated Gould here last Saturday 27-7. With such star performers as Alan Cobb who scored three touchdowns, Paul Auclair, G. LaVallee and S. Warner, the visitors scored early and were never threatened. Cobb scored first on an 80 yard runback of a punt. In the second period he scored again with a 21 yard dash around the G. A. left end and later in the same period Paul Auclair reached the end zone with a pass from J. Deblaise. The half ended 20-0 for Winthrop.

In the third period a pass (Deblaise to Cobb) resulted in a six yard T. D. play. That ended the scoring for the visitors. Gould fought back and seemed to grow stronger as the last half continued. In the waning minutes of the third period they started a drive that continued into the final stanza for a 58 yard sustained march for a touchdown, the first scored against Winthrop in three games. Tom Hamilton scored on a three yard plunge and Jim Corriveau booted the extra point, bringing the final score to 27-7.

Saturday, October 6, Gould will travel to Old Orchard where they will probably meet an even more powerful team. The seashoreers walloped Morse High last week 38-0. Game time will be a half hour earlier as all teams in that area start their games at 1:30.

SCHOOL NEWS

The Sub-Primary class of Mrs. Bisbee's will be divided into two groups as soon as arrangements can be made. This will help ease the overcrowded situation that now exists in that class.

The following plan will be carried on a trial basis.

The class will be divided into one group comprised of bus students and the other comprised of town students.

Each group will go to school every other day all day long, and on the alternate day they will stay home.

Parents will receive written notice of this plan during the week of Oct. 8.

The metal windows for the two new rooms of Crescent Park have arrived. It is expected that the completion of these rooms will be in the near future.

Mrs. Ring's fourth grade viewed their first television

The sixth grades were favored Monday by a visit from D. J. Petal, the IFYE Delegate from India. Mr. Petal is residing in the home of Mr. and Mrs. Rodney Howe, East Bethel, for three weeks.

The pupils listened intently while Mr. Petal told of life in India. He stressed education, religion, and agriculture. He spoke of the 4-H work in his country and mentioned suggestions that he would take back to his native land.

He likes the people of the U. S. A. and finds the hospitality a thing to remember.
